

TRANSFORMING TRANSIT IN YOUR AREA

Union Station Rail Corridor Track Maintenance

Metrolinx is committed to updating our neighbours along the Union Station Rail Corridor (USRC) and are writing to provide you with information regarding some upcoming construction.

THE LOCAL PROJECT

We are completing the replacement of track ties on the Union Station Rail Corridor between Bathurst Street and Blue Jays Way. Work is scheduled to take place **Friday May 5 to Sunday May 8** from **8 p.m. to 6 a.m.**

Please note: For the purposes of safety, work times are subject to appropriate weather conditions. In the event of lightning, work will be postponed to a more suitable date.

WHAT TO EXPECT

We recognize that this work can be disruptive to residents and we are doing our best to carry out this essential construction with the least disruption possible.

Tracks must be taken out of service to complete this work and as a result this work can only be carried out during off-peak times, when there is less train traffic. Nearby residents may notice some activity from power tools and equipment movement during this time.

If you have any questions, or would like to be included on future communications, please do not hesitate to contact me at 416-202-4425 or michael.paolucci@metrolinx.com
