

GO Transit fare stickers for TTC Metropasses discontinued after December 2018

To customers who use GO fare stickers:

As you know, the monthly TTC Metropass is being discontinued after December 2018 and replaced with a monthly TTC pass on PRESTO. Along with this, the GO fare sticker pilot program for TTC Metropasses will also end.

The pilot was introduced at a time when PRESTO was not fully implemented across the TTC and there has been a steady decrease in the number of people who use it. Since the pilot began, Metrolinx and our transit partners have continued to work together to deliver more options for a better, more integrated transportation network - that means faster travels times, seamless connections and integrated fares between systems:

- In January 2018, the Discounted Double Fare program was introduced and PRESTO users switching between GO or UP and TTC can save up to \$1.50 on their trip. Find out more about this and all the benefits PRESTO offers at prestocard.ca
- In August 2018, the TTC launched a timed-transfer system that allows PRESTO customers the freedom of unlimited travel within two-hours with a single fare.

To find out more about TTC passes on PRESTO visit ttc.ca.
